

HeartBeats Show Team Auditions for 2008-2009 Dance Year

All students who wish to be on any one of the following teams are required to audition to ensure they are at the appropriate level. Students who have previously been on a team are still required to audition. The audition process is not the only determining factor for level placement. Previous accomplishments and behavior are also taken into consideration. Please sign up for the appropriate time on the wall across from the dance bulletin board.
